Output	10W, 7.5W & 5W
Charging frequency	110-205 KHZ
Charging efficiency	≥75%
Charging distance	4-10mm
Dimensions	69 x 69 x 9mm
Weight	42g

Connection instructions

1. Connect the USB plug of the lead provided to a compatible UK mains adaptor.
Note: to use the fast charge facility of the charging pad, the mains adaptor must be fast charge compatible (QC2.0 or quicker).
2. Connect the Micro USB end of the lead to the charging pad.
3. Switch on the mains power supply and check for a flashing green and blue LED on the front of the charging pad to indicate the device is working. After a few seconds the light will go out and the pad will enter standby mode.

Charging your device

1. Place a compatible wireless charging device on the pad. Once charging the LED indicator lights up blue constantly.
2. The pad will enter standby mode and the LED indicator will go out if the device is removed from the pad or is fully charged.
3. The pad has 3 modes of charging as follows:

- a) **10W-Compatible fast charging Samsung devices.**
- b) **7.5W-Compatible fast charging Apple devices.**
- c) **5W-Compatible Qi enabled devices.**

In the Box

1pc Wireless charging pad
1pc USB charging cable
1pc User manual

Caution

- This product is only designed for indoor use and must never be used in severely hot, humid or corrosive environments to avoid circuit damage or leakages.
- Keep magnetic items away from the pad including credit cards with magnetic strips or chip and pin.
- Keep the pad at least 20cm away from medical devices such as pacemakers to avoid interference and danger to health.
- Never let children play with the pad to avoid unnecessary accidents.
- Do not attempt to service this product yourself as opening or removing covers may result in fire, electric shock or equipment damage and will also invalidate the warranty.
