Note: When unit is fully charged Red light will be off.

Bluetooth Indicator	Status
Quickly Flashes BLUE	Pairing Mode
Slowly Flashes BLUE	Paired
RED	Line-In Mode

Pairing a Single Jam Plus Speaker (Mono)

To listen to your music over Bluetooth® wireless connection, you need to pair your device with Jam Plus:
1. Make sure your device has Bluetooth® capability.
2. Press and hold power button for 5 seconds; indicator will begin to flash.
3. Follow the instructions of your device to pair the unit.
4. Pair your device with the unit by selecting JAM PLUS from your Bluetooth® listings on your device or selecting YES.
5. Press play on your device and use controls on the unit to adjust desired volume.

NOTE:
• Once you have successfully paired your device, you may not need to repeat the above steps. Please ensure the AUX cable is unplugged and your device has been Bluetooth® enabled.
• When using only one Jam Plus, make sure that the switch is set to Mono. You will not be able to pair with the speaker if it is set to "L" or "R".
• When pairing with a computer, please consult your computer manufacturer for Bluetooth® pairing instructions and/or the latest Bluetooth® Drivers.
• A pairing code is not required.

Pairing 2 Jam Plus speakers together (Stereo)

To pair 2 Jam Plus speakers together for stereo sound please follow the below steps:
1. Turn 1 speaker over and move the speaker mode switch to L.
2. Turn the other speaker over and move the speaker mode switch to R.
3. Press and hold power button for 5 seconds on one speaker.
4. Press and hold power button for 5 seconds on other speaker.
5. Speakers will begin to pair together automatically.
6. Paring process can take up to 30 seconds — once you hear the steel drum tone and the Jam² indicator light begins to slowly flash, you may pair to your device.

7. Follow the instructions of your device to pair the unit.
8. Pair your device with the unit by selecting Jam² from your
   Bluetooth® listings on your device or selecting YES.
NOTE:
• If you do not see Jam2 as an option on your device, you may have
  only paired 1 speaker. Turn off both units and repeat steps 1-8.
• You cannot pair more than one set of Jam Plus speakers together.
• If you are using two Jam Plus speakers in Stereo (Jam² Mode), in order
  to use them in Mono mode, turn off the unit and move the switch on
  the bottom to the center Mono position.
• When 2 Jam Plus speakers are paired in Stereo (Jam² Mode), and you
  turn off 1 speaker, the 2nd speaker will turn off automatically.
• For balancing the volume level on the speakers, maximize volume
  on both units and control volume through device.

If you experience connection issues or distortion when pairing 2
Jam Plus speakers please follow the below steps:
1. Turn power "OFF" on both Jam Plus units.
2. Turn power "ON" on both Jam Plus units.
3. Speakers will begin to pair together automatically. Wait for pairing
   to complete.
4. Pair the units again to your device.

Listening to your device through the Auxiliary Line-In Audio Jack (MONO)

1. Connect Aux cable to the headphone or Line-Out Jack of an
   audio device and plug the other end of the cable into the
   Line-In Audio Jack on the back of the unit.
2. Press and hold the power buttons to turn on the unit.
3. Press PLAY on the device and use controls on the unit to adjust
   desired volume.
NOTE:
• When connected through an AUX cable only one speaker will play.
• Play/pause controls on Jam Plus will not work when using Line-In
  Audio Jack.
• To clear the pairing history, press the play/pause button and the
  power button simultaneously for 5 seconds.
• In the event the speaker controls are not operable, press reset on the
  bottom of the unit to reset the speaker.

Maintenance
Only use a soft dry cloth to clean the enclosure of the unit.
NEVER use liquids or abrasive cleaner to clean.

FCC Disclaimer:
Note: This device complies with part 15 of the FCC Rules. Operation is subject to the
following two conditions: (1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that
may cause undesired operation.
Note: This equipment has been tested and found to comply with the limits for a Class
B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to
provide reasonable protection against harmful interference in a residential
installation. This equipment generates, uses and can radiate radio frequency energy
and, if not installed and used in accordance with the instructions, may cause
harmful interference to radio communications. However, there is no guarantee that
interference will not occur in a particular installation. If this equipment does cause
harmful interference to radio or television reception, which can be determined by
turning the equipment off and on, the user is encouraged to try to correct the
interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the
  receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by HMDX could void the user's
authority to operate the equipment.

IMPORTANT SAFEGUARDS:
When using an electrical product, basic precautions should always be followed,
including the following:

READ ALL INSTRUCTIONS BEFORE USING
• WARNING: Do not place speakers too close to ears. May cause damage to ear
  drums, especially in young children.
• Use this product only for its intended use as described in this manual. Do not
  use attachments not recommended by HMDX.
• HMDX is not liable for any damage caused to Smartphones, iPod/MP3 player or any
  other device.
• Do not place or store this product where it can fall or be dropped into a tub or sink.
• Do not place or drop into water or any other liquid.
• Not for use by children. THIS IS NOT A TOY.
• Never operate this product if it has a damaged cord, plug, cable or housing.
• Keep away from heated surfaces.
• Only set on dry surfaces. Do not place on surface wet from water or cleaning
  solvents.
